

## Billet Extractor Assembly

The Alpha 1 billet fast extractor is one of the many standard products brought to the forging industry by the Inductotherm Group of companies. Alpha 1 specializes in the coils and material handling equipment required by today's forgers. This includes our step & rotary billet feeders, bin tipper, modular conveyors, fast extractors and billet reject systems.

### Standard Features

- Modular floor mount assembly for adjusting to your coil configuration.
- Pneumatic operated reject chute.
- Adjustable upper separator roller.
- Variable speed chain conveyor.
- Heavy duty welded steel construction.
